## INSTRUCTIONS

### MISSISSIPPI HOME HEALTH AGENCIES 2004 ANNUAL REPORT

General: Please supply current data on name, address and organizational information requested.

#### **SECTION A: Referrals**

A referral is any person for which home health services were sought and for which a determination was made to admit or not to admit for services.

Referrals may be received from any source. This does not mean only those certified for services by a physician.

Total number of people served during calendar year 2004, is a request for a non-duplicate count of the number of people, not admissions, served. If a person was admitted for services on more than one occasion during the calendar year that should still be counted as one person in answering this question.

#### **SECTION B: Census**

List in alphabetical order, all counties in which the Agency provided home health services. Then enter in the appropriate columns the patient census as of midnight 12/31/03, all admissions during calendar year 2004 all discharges during calendar year 2004, and the patient census as of midnight 12/31/04. Total each column on the bottom line.

**NOTE:** A person may have more that one admission and/or discharges during a calendar year. In such cases each admission must be counted independently. Patient census as of midnight 12/31/03 should correspond with census reported for 12/31/03 on last year's (2003) report.

#### **SECTION C: Services Provided**

Check all services provided to patients during calendar year 2004 which meet the definitions in the Minimum Standards of Operation for Mississippi Home Health Agencies.

#### SECTION D: Patients Served

Record, by county, all patients served during the 2004 calendar year under the appropriate service. A patient may be recorded in more than one row, depending on the number of services provided that patient. A person may be counted as a patient more than once, if that person was admitted for service on more than one occasion. **Note: Total patients served on page 3 should match total of patients served by source of payment on page 4.**

#### SECTION E: Visits Conducted

Record, by county, the number of visits rendered within each service. Total both rows and columns. **Note: visits reported on page 3 should match visits by source of payment on page 4.**

#### SECTION F: Cost/Charges/Source of Payment

For each service provided list per visit the cost, as reported on your most recent Medicaid/Medicare Cost Report specifying FY, and your customary charges.

Report number of visits within each service by source of payment and the number of patients served by source of payment.

**NOTE:** Total of number of patients by source of payment should equal total of row (i) in SECTION D.

#### SECTION G: Uncompensated Services

Record the number of patients and the number of visits by service for which you received no reimbursement.

#### SECTION H: Employees

List the number of employees in the appropriate column as of 12/31/04. The column labeled "Under Arrangement" refers to personnel provided through contract with other agencies or organizations. Individuals under contract should be listed under the "Full-Time" or "Part-Time" columns.

Signatures: The report should be signed by the responsible person and the agency's administrator. The responsible person is the individual, whose name appeared on the agency's license.

Maintain a photo-copy of your completed 2004 Annual Report for your records. It will be necessary to refer to the 2004 report in completing next year's Annual Report.
